

DIN EN ISO 14175: M13-ArO-2

Marking

Characterization acc. ADR

UN 1956 COMPRESSED GAS,
N.O.S. (ARGON, OXYGEN), 2.2,
(E)

Cylinder Marking

Shoulder color: bright green

Essential properties

compressed gas, heavier than air, colorless, odorless

Symbols of risks

For additional safety information see safety data sheet *-O2-AR-01

Valves / Manifolds

Valve connection

200 bar: according to national regulations
300 bar: ISO 5145 No. 1: W 30 x 2

Recommended Manifolds

Spectrotec Constant 2000

Specification / receptacles				
		Inoxline X1	Inoxline X2	
Composition				
Ar	=	99	98	Vol.-%
O ₂	=	1	2	Vol.-%

Remarks

Contents in m³ at 15°C, 1 bar
